

JHG Wines

PASSION

Over three centuries, many have left their mark on the JHG we get to experience and enjoy today. Few, however, as passionate as co-owner and director, Amy Kleinhans-Curd.

From a tender age, Amy realised that success is only achievable through hard work. A goal-orientated outlook and exemplary entrepreneurial vigour cemented her reputation as a noteworthy businesswoman.

Through ever-present challenges, her success is attributed to her sheer tenacity and commitment to everything she takes on. In 1992 she made world headlines, by becoming the first non-white winner, crowned as Miss South Africa.

Education, youth development, supporting young entrepreneurs and uplifting women are philanthropic causes she feels particularly passionate about.

JHG Wines

EXPERIENCE

Jan Harmsgat Farm, or JHG, has stood as a beacon of excellence since 1723, with farming activities in this special terroir having uninterruptedly been practiced for almost 300 years.

Located on the Southern-most tip of the Robertson Wine valley, in the lap of the Langerberg Mountain range, the farm is a celebration of bespoke Cape-Dutch heritage, comfortably juxtaposed amidst modern luxury and refinement.

The 680ha working farm boasts 5-Star guest accommodation, across 10 exclusively appointed rooms. Our fine-dining restaurant, Just Amy, offers sumptuous meals, with the menu guided by seasonal availability of estate-grown produce.

"I only know one way to live and that is authentically. Every day is a chance to interact with another human being in a meaningful way, to recognise the extraordinary in each of us."

~ Amy Kleinhans-Curd

JHG Wines

QUALITY

Our philosophy is to create delicious single-vineyard wines – this is the smallest production unit for vineyards and may not exceed six hectares per cultivar.

The JHG vinification process is conducted with minimal interference, using spontaneous fermentation and no enzymes during fermentation. Due to minimal interference through vinification, sediment may occur.

Highlighting our vineyard's unique characteristics, maturation takes place in neutral vessels.

"I personally enjoy wines built on natural acidity & grape tannin, not plastered under layers of oak with countless additions and manipulations forced upon it. I trust you will enjoy the wines as much as I enjoy the journey of making them."

~ Francois C Haasbroek | Winemaker
